

The 2016 SMM General Knowledge Quiz

With the final examination just over, SMM students are currently celebrating 'Innovation Week': a special time for engaging in creative and challenging activities while sharing ideas and God gifted talents.

One of the highlights of the week was the **2016 General Knowledge Quiz**. A wide variety of questions made the show very interesting. The challenge involved in cracking those questions kept the participants and audience equally engrossed.

20 students from years 5 and 6 were carefully selected for the said event. They were divided into 5 teams to battle against each other in 4 fun and exciting rounds.

Team A and team B got the lead early in the game, with 25 points each, answering most of the questions in the first two rounds - The Difficult Round and the Rapid Fire Round. The rounds were very stimulating and fast paced. Come round three and team C began to catch up! One could hear the "ooohs" and the "aahhhs" from the crowd all along! In round 4, the deciding last question established Team C as the winner of the quiz bee!

Team A

Team B

Team D

It could be safely said that the day's quiz show did open up a new area of interest for many a student! This love for acquiring general knowledge is all that is needed to become a well informed and aware person in today's world. It is quite a well-known fact that having good general knowledge provides a distinct edge to a person in facing this competitive world. /JCL
