

SMM TALENT SHOW INNOVATION WEEK 2015-2016

On 22nd June 2016, SMM had its first ever “Talent Show”, allowing the students of Y3 – 6 to participate and win accolades for their special talents. Finalists were chosen from a large number of students who were auditioned prior to this day. Competitions were held in solo and group singing, instrumental music, dancing and elocution. The judges were Mr. Derrick Duggan, the principal, Mr. Jonathan Arbiz, the art teacher, and two distinguished personalities in the field of performing arts, MS. Jessica and Ms. Shehara.

The participating students amazed everyone with the control of their voices while they presented a range of songs. Their poise and confidence spoke volumes! After the solo singing, the students

showcased their talents in playing different instruments like the electric guitar, ukulele and the piano. The crowd was silenced by the music they played and broke into a huge applause at the end.

Then it was time for the students to show their grace and agility as they danced to the

rhythmic music. This was followed by a surprise dance number by our enthusiastic teachers. The students were thrilled to see their mentors perform on stage!

In the second half of the program, we had the elocution competition that brought to the fore the skills of facial expression, proper pronunciation and voice modulation of the students.

Lastly, the group singing was performed by the selected finalists who presented different genre and styles of singing!

Next, as yet another surprise for the enthralled audience, our Principal Mr. Derrick, accompanied the teachers of SMM on the guitar while they sang “History”, a number made famous by One Direction. They chose this song to remind everyone of all the happy moments we have had during this school year!

As the famous quote goes - “Your talent is God’s gift to you, what you do with it is your gift back to God,” we at SMM took part in appreciating our gifts from God and gave back to Him in our humble ways. /JCL
